Other _____

PLEASE INITIAL EACH BOX AFTER YOU READ THE PARAGRAPHS BELOW:

I have asked for this information, so I can provide you with the puppy that will fit your needs. Puppies have all their natural drives developing when you get them, and I do my very best to suit you up with a puppy for your needs.

When your puppy deposit is placed on a litter, where the desired puppy and/or litter is not available, your deposit will be automatically transferred to the next upcoming litter no matter who the next female to be bred is and who the male is that will breed her. I can't guarantee any of my females will get pregnant when they are bred on their heat cycle. My females are healthy and breed worthy, but they don't always get pregnant. Timing is crucial. If any of my females have pregnancy complications and need to be spayed after whelping or c-section deliveries, you agree to move your puppy deposit to the next female and male to be mated.

I will attempt to contact all clients that have paid reservations on my upcoming litters when I breed my female (s) by phone, text message and/or email to let you know there is a possible litter (s) on the way due in approx. 8 weeks from the time I attempted to contact you. If I *DO NOT* hear back from you in the upcoming 8 weeks, I will attempt to contact you again after the litter (s) is/are born.

When I contact you, informing you there is a puppy available that you reserved from my litter, and you turn down the opportunity to take this puppy for any reason from said litter, I will allow you to wait for a puppy from the next litter(s) that are whelped for 12 months from your reservation date. There are no guarantees that my next litter's will have what you reserved. I can no longer carry reservation deposits past a 12 month period from your reservation date when I have had your reserved puppy available for you.

If you turned down a puppy that fit your reservation application choices in your 12-month period, you will forfeit 100% of your puppy deposit after the 12 months have expired from the date on your reservation.

If I don't have a puppy that fits what you reserved on your puppy reservation, your deposit will continue until I have your reserved puppy available to you even if it goes over the 12-month limit.

..... continued on page 3

(continue to initial the boxes)

All communications with my clients are documented in email, text messaging, phone call and voice message.

Puppies have a lot of energy, so be prepared to get lots of exercise with your new friend. House training is fairly easy and fast. When they wake up, the first thing they do is pee and poop, so the first thing you do is take them out. When they eat, and are finished, take your puppy outside immediately. You need to stay out with your puppy until they do their "Duty", or you will have a  mistake in the house. Always use the same door, so your puppy knows to go to that door when they alert you  to go out.

I place my puppies in safe, secure, forever homes. If you are willing and capable of providing a wonderful home for my puppies, I will do my best to provide you with the best German Shepherd you have ever had.

Your puppy will get very attached to you, protect you, be loyal to you and love you. It is very important that you socialize your puppy for your living arrangements.

Puppy training is very important, I put a solid foundation on all my puppies. When you pick up your puppy, or you choose to fly or use ground transport, your puppy is ready to start their new lives with you.

I take my dogs and puppies very serious. Here's your chance to own a Superior working line German Shepherd dog.

Thank you for considering my puppies for one of your own.

Interested clients, fill this application out, sign it and email to me.

I will contact you when I confirm pregnancy of the female, giving you ample time to prepare for your new puppy.

THERE WILL BE NO REFUNDS ON ANY DEPOSITS FOR ANY LITTERS. ADD 3.5% FOR ALL CREDIT CARDS AND PAYPAL PURCHASES.

Deposits are used for pregnancy and litter expenses!

I do have waiting lists on my litter's, and I do my best to make sure everyone gets the puppy they have been waiting for.

If you have any questions, contact me, via phone, email or messenger.

(Visit my Facebook Page for lots of photos and videos)
